

# DO MEDIA LIVES MATTER?

By: Jack Greiner on November 2, 2017 on [graydon.law](https://graydon.law)

If I told you this blog [contains footage](#) of an unarmed reporter getting assaulted by **SIX** police officers for the crime of trying to do his job, would you assume I was writing about some repressive dictatorship or some backward banana republic? Either way you'd be wrong. It happened in Virginia and it is sickening. If this doesn't trouble you, then you are not paying attention. There's nothing to add.
